

DeepStream Technologies recognises that its business activities interact with the environment in a variety of ways. These activities have a significant impact in energy use and the generation of waste. We recognise that we have a responsibility to help protect the environment wherever it has an opportunity to do so, to be a responsible neighbour, and to provide a comfortable environment for its employees to work in.

The Directors of DeepStream Technologies are committed to:

- Continual improvement in the environmental impact of its business activities;
- Improving the environmental benefits provided by its services;
- Preventing pollution;
- Complying with all relevant legal, customer, and other third-party requirements;
- Establishing measurable environmental & business objectives that are consistent with the context and strategic direction and addressing risks & opportunities associated with them;
- Achieving objectives to help minimise its environmental impact;
- Adopting best practices applicable to its activities wherever practicable.

DeepStream Technologies will achieve these commitments by:

- Implementing and maintaining an Environmental Management System that is designed to meet the requirements of ISO 14001:2015;
- Employing processes that identify the aspects of our business that have an environmental impact and quantifying the significance of each aspect;
- Maintaining an environmental performance programme to enable our objectives to be achieved;
- Ensuring that its employees, suppliers and customers are aware of their role in supporting our commitments and environmental objectives;
- Training its employees in good environmental protection practices and encouraging employee involvement in environmental improvement initiatives;
- Continually monitoring the environmental impact of its business activities.

The implementation of this policy must be supported by all employees as an integral part of their daily work. This policy is publicly available to interested external parties upon request.

Jack Macfarlane, CEO
